

## **Lisa Gallagher**

My name is Lisa Gallagher and I currently serve as the Assistant Dean for Finance and Human Resources in Watson College. I joined Binghamton in 1994 and have held various positions, all within Watson College, during my professional tenure. In 1997, I was recruited to join the UUP Executive Board by former UUP President Bob Pompei and served until 2000. In 2005, I rejoined and have served to the present time with a short stint as interim treasurer (2013-2015) and as a member of the UUP state-wide DEI committee (2019 to present.) Over the years I have volunteered many hours for my kid's K-12 schools, community, church, and non-profit organizations and I am a regular attendee of UUP Delegate Assemblies. My father was a union member, as is my kid's dad, and it will likely be the professional path my daughters will take. For me, being part of the union means participating in the numerous volunteer opportunities available, all of which contribute to our collective voice aimed at improving our collective working conditions. It has been a pleasure to serve UUP over the years and I hope to continue to be of service.
