

Patrick Doyle

My name is Patrick Doyle and I am running to represent our union -- the United University Professions ([UUP](#)) -- as a delegate. I have worked for Binghamton University in the department of Information Technology Services ([ITS](#)) as the Public Lab System Administrator for over 25 years. I am currently a Senator on the Professional Staff Senate ([PSS](#)), the PSS representative on the statewide SUNY University Faculty Senate ([SUNY UFS](#)), and I am currently a Delegate for UUP, a position I have held for four years. As a delegate I have attended delegate assemblies (DA), represented chapter members' perspectives and experiences in state-level discussions, actively participated in statewide committees, and reported back to chapter colleagues about issues learned at the DA. I would appreciate your vote so I am able to continue representing you in our statewide union. Thank you.
