*The Union News* is a publication of the Plattsburgh Chapter of United University Professions. The views expressed are not necessarily those of the Plattsburgh Chapter Executive Board or UUP.

If you are truly in the mood to read something scary to keep you awake at night visit this link <http://academeblog.org/2015/04/21/culling-the-iowa-faculty/> a post in the online blog of Academe, the AAUP journal. In short, it is a proposed bill to the Iowa state senate that proposes to 'fix' higher education with several reforms including an attack on tenure, public shaming of low performing faculty and a method by which the student body of an institution can vote a faculty member 'off the island'. Now arguably this is crazy talk and La-La legislation and in fact did not receive any real traction, but the real danger is that, in the face of this kind of thinking, suddenly the weakening of tenure becomes the merely moderate position. If that is not enough to keep you awake, check out this article from 'InSide Higher Ed' <https://www.insidehighered.com/news/2015/04/27/anxiety-over-massive-proposed-cuts-louisianas-colleges-felt-across-state>

SUNY is a strong system, but it is fairly young, the institutional founders in the various schools that accepted the call of the Rockefeller expansion and created the colleges and universities we now know have almost all retired. More importantly, that progressive state government that made that expansion possible seems also to have retired. Who is going to take up the charge of the caretaker? Who is going to work to hold on to the promise of public higher education in New York State? The new generation of faculty must shoulder this burden because there is no one else who will. It is ironic indeed that of all the stake-holders, it is the labor union of SUNY, the United University Professions, that remains the primary advocate in Albany for the State University of New York. Public education is under attack nationwide. The K-12 sector lost its basic protection of tenure in this year's budget bill...I will say that again, the BUDGET BILL.

If any of these push your buttons, I encourage each of you to push the button in this link

## UUP Veterans Affairs Statewide Committee

Gina Doty, Co-chair of committee

[dotygl@plattsburgh.edu](mailto:dotygl@plattsburgh.edu) / #564-5011

This committee meets at the UUP Delegate Assemblies three times a year and our committee's mission is to help our union members who are veterans to stay informed of their rights with hiring protocol, support union members returning from active duty and find out concerns and problems that are facing our veterans working in the SUNY system.

At our last meeting on April 17<sup>th</sup> we discussed many different topics including Legislative Bill A04313A that Governor Cuomo vetoed two days before Veterans Day preventing the three years buy-back of service-- though the Assembly and Senate had passed it. There is a lobby day on May 19<sup>th</sup> and other dates to follow if anyone wants to talk with legislators about this bill. Call 1-800-342-4206 for more information. If we have enough interest for the date, a bus will be arranged for transportation. Our veterans committee plans to start writing a UUP resolution concerning this vetoed bill so that the bill will also include ORP and not only TRS retirement systems.

The committee also has forthcoming more veteran regalia cords which are red, white, and blue to wear on graduation day during commencement, so if you would like to have a cord showing you are a veteran contact Gina Doty.

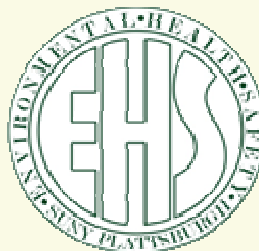

There are other topics that we discuss during our meetings, but look at our website for past meeting minutes and resource information at: <http://uuphost.org/vets/>  
If you have questions, comments or issues for our committee, let me know. In closing, thank you for your service to our country.

**George Still**  
V.P. for Professionals

"It is with sadness that I inform you all that I will be leaving the college in June. I have enjoyed the past two years as your Vice President for Professionals. I wish everyone the best in the future. If you have questions between now and when the special election is held for my replacement please contact Karen Volkman. In Solidarity, George."

The Environmental Health and Safety department is committed to regulatory compliance, minimizing environmental impacts, preventing occupational injuries, responding to community concerns, and overall protecting the well being of each individual on campus. Our environmental management systems include a cloud-based chemical inventory system, a cloud-based asbestos management program, a tablet based laboratory, studio and shop inspection program, a server-based accident/incident tracking program, and an employee training tracking program. We also use other Access databases for optimal collection, storage and utilization of fire, recycling, job safety analysis, and departmental data. The use of technology helps us make the best use of our resources and keeps us responsive to the ever-changing regulatory climate.

## UUP Professionals Only: Special Election Ballot for UUP VP Position

Due to the pending departure of VP Professionals George Still, all professionals (not academic faculty) should have received at your home mailbox a few days ago a "Notice of Election/call for Nominations 2015 Special Election". Inside are instructions to nominate yourself or ask someone you feel would perform this officer position well to sign your nomination ballot form.

It is important to note that this nomination form must be mailed and received to UUP Albany address no later than May 12<sup>th</sup>, which is next Tuesday to be viable. If you did not receive this at your home address, let Karen Volkman our President or George Still our VP for Professionals know quickly.

## Scandinavian Almond Cake

Gina Doty

yield: ONE loaf pan

Preheat oven 350

*Note: So easy to make using a spoon and no electric mixer*

Spray loaf pan with Pam and lay at the bottom some parchment paper, then spray Pam again on that. Sprinkle some sliced almonds (about 1/3 cup or close) on the bottom only. set aside. (I only used a metal loaf pan)

### Ingredients:

1 1/4 cups sugar

1 egg

2 tsp almond extract (I plan to try different extracts)

2/3 cup milk

1 1/4 cup all purp. flour

1/2 tsp salt AND 1/2 tsp baking powder

1 stick melted butter (I melted this in a very large glass bowl)

1 TB confectioner sugar used at the cool stage.

1. Mix well the flour, salt and baking powder with a whisk to incorporate, set aside this bowl.
  2. Add to the melted butter already in the glass bowl in the microwave, then add the sugar and egg and beat by hand with a large spoon until very, very creamy about 2 minutes, then add the extract and milk and beat by hand, then add the flour mixture and mix well.
  3. Pour into the ONE loaf pan. Bake 40-50 min. (mine is done in 45 min)
  4. Remove from oven and cool in pan THEN invert then flip so almond is up.
- Optional: Then sprinkle confectioner sugar on top. About 1 TB.
- DONE.

**\*\*So moist and delicious and fast to make.**

**\*\*Try other extracts and follow the same directions. Make it with orange, lemon, coconut extract.**

## Maple Syrup Salad Dressing

Gina Doty

1 cup dark amber pure Maple Syrup

1/2 cup catsup

1/2 cup apple cider vinegar

1/2 cup canola oil (any light oil)

1 tsp minced garlic

2-3 tsp horseradish

**\*\*Combine all ingredients well and refrigerate. Shake before using. Great on salad greens. Keeps for about a month in refrigerator.**

## Many Mushroom Soup

(Adapted by Gerianne Wright from Susan Branch's "Heart of the Home")

3 Tbsp. butter  
3 Tbsp. oil  
1 garlic, minced  
1 onion, chopped  
1 lb. mixed mushrooms (your choice)  
3 c. chicken broth  
¼ cup white port or dry sherry  
3 Tbsp. tomato paste  
½ cup minced fresh or 2 ½ Tbsp. dried parsley  
Pepper to taste

Melt butter and oil in Dutch oven. Saute garlic and onion slowly over low heat, 10 min. Add mushrooms, cover and cook over medium high heat 5 min. Add broth, port, tomato paste and parsley. Simmer 10 min. Add cream and heat through. Pepper to taste. Serve.

## ***Summary: SFY 2015-16 Enacted Budget Key Higher Education Budget Issues***

### **Funding for State-Operated Campuses**

The SFY 2015-16 enacted budget provides a \$15 million increase for SUNY state-operated campuses. This increase reflects \$18 million for a "SUNY investment and performance fund," offset by a \$2.9 million decrease in the additional personal service appropriation included in the 2014-15 budget.

Performance-Based Funding: The \$18 million will be made available through a "SUNY Investment and Performance Fund," which will be allocated to each campus upon completion of a campus-specific performance improvement plan approved by the SUNY Board of Trustees. These plans will be developed for use in future years and will include, but not be limited to: criteria to improve access, completion, academic and post-graduation success and services, research, and community engagement. The funds will be allocated based on a methodology determined by the SUNY Chancellor and approved by the SUNY Board of Trustees. Unlike the governor's proposal, the enacted budget does not require the campus plans to be approved by the Division of Budget. Also missing is the governor's plan to have the state withhold 10 percent of state-operating aid for campuses until they complete a performance funding plan. While the performance-based funding language in the enacted budget represents a significant improvement over the governor's proposal, UUP remains concerned that the metrics and methodology developed to implement this program may harm some campuses. UUP will monitor the development of the campus-specific plans as this program is implemented.

Additional Personal Service Costs: The enacted budget provides \$4.7 million for additional personal service costs, which is \$2.9 million less than provided in the SFY 2014-15 enacted budget.

Tuition: The enacted budget provides \$155 million in additional spending authority for SUNY, which reflects income earned from the 2015-16 tuition increase and other fees (pursuant to the enactment of NYSUNY 2020 in 2011).

### **SUNY Hospitals and Health Sciences Centers**

State Subsidy: The enacted budget **restores** the governor's \$18.6 million cut for the SUNY hospitals state subsidy, for a total appropriation of \$87.6 million.

Restructuring the Health Care Delivery Systems Pilot Program: The enacted budget **rejects** the governor's proposal to create a pilot program to restructure health care delivery systems by allowing for-profit capital investment in New York state's health care facilities. The pilot program would have permitted five business corporations to own and/or operate certain types of health care facilities including the public hospitals. If enacted, this pilot program would have opened the door for the privatization of SUNY hospitals.

Hospital Capital Funding: Accepts the governor's proposal for \$700 million to stabilize Kings County health care delivery and other health care provider-related capital proposals. However, the enacted budget provides additional language to determine eligibility for these funds. It is unclear whether SUNY Downstate will meet all of these requirements.

**Delivery System Reform Incentive Payment (DSRIP) Program Appropriation:** The enacted budget appropriates \$80 million (Aid to Localities) for **public providers** who are the sole Performing Provider System (PPS) in a county. In addition, \$200 million is appropriated for the DSRIP public hospital transformation fund and the safety net performance provider system transformation fund to assure an equitable balance between the funding pools, so that public providers are not disadvantaged.

### **Teacher Preparation Program Proposals**

The enacted budget amends the governor's proposal for institution deregistration and suspension by shifting the language to focus on graduate teacher preparation and educational leadership programs. The provision included in the enacted budget gives the State Education Department commissioner the ability to suspend and deregister **graduate teacher** preparation programs based on test scores from deeply flawed certification exams.

This proposal permits the State Education Department to suspend a graduate program's authority to admit new students if, for three consecutive academic years, fewer than 50 percent of its students pass each required certification examination that they have taken. The graduate program would be allowed to continue operations for the length of time it would take all currently admitted and/or enrolled students, if they were to attend classes on a full-time basis, to complete the requirements for their degrees. If, at any time during such period, the commissioner determines that student and/or program performance has "significantly improved," the commissioner may reinstate the program's ability to admit new students. If the suspension is not lifted, the program will be deregistered. UUP continues to analyze this proposal to understand its full impact.

The enacted budget also included other teacher education policy changes that may negatively impact students and teacher preparation programs at SUNY and other higher education institutions statewide. These proposals include:

- New mandated admissions requirements for graduate programs;
- Re-registration for teachers; and
- Tenure process changes for new teachers.

While some of these initiatives are slightly amended versions of the governor's original proposals, UUP is in the process of analyzing the provisions included in the enacted budget for each of these proposals.

### **SUNY Opportunity Programs**

**Educational Opportunity Program (EOP):** The enacted budget provides a \$5.7 million appropriation for additional funding for EOP, with a total EOP appropriation of \$26.8 million. This appropriation is \$4.4 million more than the 2014-15 enacted budget allocation, and \$5.7 million more than the governor's budget proposal.

**Educational Opportunity Centers (EOCs):** The enacted budget provides a \$1.5 million appropriation for additional support for the EOCs and \$2.5 million in additional support for the ATTAIN labs. The total 2015-16 EOC allocation, including ATTAIN labs, is approximately \$55 million, which is an increase of \$3 million over the 2014-15 enacted budget appropriation.

### **Aid to Localities**

**Tuition Assistance Program (TAP):** The enacted budget provides an increase in spending of \$43.3 million to this program, for a total of \$1.02 billion.

**Tuition Assistance to Part-time Students:** Funding for this program is maintained at last year's level of \$14.3 million.

**Liberty Partnership Program:** The enacted budget provides an increase of \$1.5 million for this program, for a total of \$15.2 million.

**STEP:** The enacted budget provides an increase of \$1.3 million for this program, for a total of \$13.2 million.

## **Other Article VII Proposals**

**Streamline Higher Education Program Approvals:** Rejects the governor's proposal.

**Make Experiential Learning a Graduation Requirement at SUNY and CUNY:** The enacted budget **modifies** the governor's proposal, which would have made experiential learning a graduation requirement at SUNY and CUNY. The enacted budget requires the Boards of Trustees of the State University of New York and the City University of New York to pass a resolution by June 1, 2015 to develop a plan to make available approved experiential or applied learning activities. Experiential or applied learning activities may include completion of activities related to students' program of study, including, but not limited to:

- service-learning activities completed as part of a course;
- paid or unpaid internships;
- faculty-supervised undergraduate projects and activities leading to publication of research in journals or similar publications;
- production or performance of creative works; and
- iterative "co-op" partnerships that explicitly link the curricula to a temporary, paid position in industry or the public sector.

The plan, to be completed by June 1, 2016, must be developed in consultation with stakeholders. The plan will define approved experiential or applied learning activities, methods of faculty oversight and assessment, responsibilities of business, corporate, and non-profit or other entities hosting students. The plan must also include a requirement for collecting and reporting data associated with experiential or applied learning activities. The plan will have each college examine the feasibility of including experiential or applied learning activities as a degree requirement. Each college will examine its ability to administer and provide such opportunities to students. The college will also examine the local community's capacity to support such activities; the impact such requirement would have on the local workforce, if any; potential for such a requirement to enhance learning outcomes for students; and whether adding such a requirement would cause potential delays in graduation for students.

**New York State Get on Your Feet Loan Forgiveness Program:** The enacted budget accepts the governor's proposal. This program will be offered to New York State residents who attended college in New York and graduated in or after the 2014-15 academic year and continue to live in the State following graduation, participate in the federal Pay As You Earn (PAYE) income-based loan repayment program, and earn less than \$50,000 in annual income. For qualified residents, New York State would pay the first two years of their monthly student loan obligations under the PAYE program.

**The New York State DREAM Act:** The enacted budget rejects the DREAM Act proposal.

**The New York State Achievement and Investment in Merit Scholarship (NY-AIMS):** This scholarship program is designed to award merit-based scholarship awards to New York State high school students that achieve academic excellence. Eligible students are high school graduates enrolled in a public or private college or university in New York. These scholarship awards will be awarded on a competitive basis.

**SUNY DSRIP Escrow Fund:** The enacted budget creates a SUNY DSRIP escrow fund that will be available without fiscal limitation. The SUNY DSRIP escrow fund will consist of funds transferred to SUNY hospital facilities, acting as lead providers under the delivery system reform incentive payment (DSRIP) program.

**Back Office Consolidation Plan:** The enacted budget rejects the governor's proposal.
